

Fall 2009

The Second Mile Friend Program

What is Friend?

The Friend Program is a recreational and educational program for elementary students ages 5-12. On the back of this page you will find our calendar of events. Your job as a College Friend will be to lead a small group of children through their day, keeping them safe, engaged and having fun. You are also acting as a role model for these youngsters, teaching them good manners and showing them how to interact with both other children and adults.

Who are the Children?

Most of the children involved with the Friend Program are referred to the program by their school counselors or teachers. Many who have been referred are identified as needing additional support. They could have come from changed families or difficult environments. Others may be struggling socially or academically and could use a positive influence in their lives stressing the value of education and social interaction.

What is the Commitment?

Although this is a volunteer opportunity, we ask that you make it to as many events as possible so that the children can see familiar faces week to week. We will have approximately 10 events, once every 2-3 weeks throughout the school year. If you are unable to make an event or two, this will not mean you cannot be involved, but please let your Friend coordinator know ahead of time.

What are the events like?

Most events will take place at the same location. We will have a theme for the day such as Kick off Picnic, Fall Harvest or Healthy Adventures. The children will have a chance to participate in the activities of the day. We will also have books and sports equipment available for free play time. We will always finish the day with a snack and then send them on their way!
